

Top Ten Lists

Last Updated: January 5, 2018

Period of Records: 1905-2017

Note: Temperatures are degrees Fahrenheit. Precipitation and snow are inches.

When a tie for 10th place on a list occurred, the earliest occurrence is given.

Wind Run is how far the wind would go if it blew in one direction in a given period (Miles)

Winter = December, January, February

Spring = March, April, May

Summer = June, July, August

Autumn = September, October, November
